Cotton Report Shows More Acreage Than Actually Exists.

STATISTICS UNRELIABLE

WASHINGTON, June 5.—Representa-tive Ellerbe of South Carolina introduced a resolution today charging that the cot-ton acreage report of the Department of Agriculture, issued yesterday, giving an estimate of 25,58,000 acres, exceeds the smount actualy planted and is not war-ranted from the returns received by the department from its crop correspondents.

Ground Not Covered. Mr. Ellerbe states that he has direct and positive information that this cotton report has been manipulated to the dis-advantage of the South, and alleges that no one of the three traveling agents "was in two States upon which they passed."

DARING HOLD-UP IN REED HOTEL

Boy Bandit Goes Through Employees of Popular Hostelry.

NEWSPAPER MAN GIVES UP NICE LITTLE WAD

Victims of the Holdup Say That They Recognized the Robber.

OGDEN, June 5 -At about 3 o'clock this morning a sensational hold-up was perpetrated in the Reed hotel by a ione man, or boy, as some designate him. He ascended from the basement in the freight elevator and disguised with a handkerchief over the lower part of his face, presented a gun on the five men and boys present in the corridor and de-manded that they hold up their hands.

Got All in Sight.

They complied, and he secured \$47.50 from W. D. Bratz, a newspaper man, the sum being in his hands as custodian of the policemen's basebuil fund: \$5 from Harry Beckett, the night clerk, and \$11 from the funds of the hotel.

Three other employees of the hotel who were held up with the victims declared they had no mosey and were permitted to go unmolested.

Bratz Saves His Watch.

Bratz saved his watch by a ruse, but he was stuck up for his money, and then the work of rifirg the till of the hotel was successfully accomplished by the boy rebber, and he then demanded of Harry Beckett, the night clerk, that the latter onen the vault

open the vault.

Beckett affected not to be able to find the keys, and was playing to reach a gun in a drawer which the roober, being familiar with the office, knew was there. The clerk was driven away, but the delay alarmed him and he backed to the door and got out into the street.

Took Shot at Robber.

All this time Bratz had his gun in his pecket, but he refrained from firing a shot for the reason that he thought he recognized the robber. Just as the latter was passing through the outer door Bratz fired a shot over his head, but the robber escaped to the street and has not yet been captured.

been captured.

The victims identify the hold-up as Roy Campbell, who has been in the service of the Opera house black as elevator boy and fireman of the building and who was very familiar with the conditions in the Reed hote. He distinguished himself some months ago by falling from the second balcony in the opera house, but sustained no serious injuries. He is not much beyond his majority in years, and is said to have two or three aliases. The police are on his trail.

Campbell Is Arrested.

Campbell Is Arrested.

At 9:15 o'clock tonight Capt. Brown and Officer Tom Burt found Roy Campbell in his old room in the Upperhouse block, and arrested him. He is now confined in the police station, and when he was searched it was found that he did not have a dollar of the money he is alleged to have stolen this morning in his possession. He told the officers that he had been to Evanston, and when they got him his clothing was soaked with rain.

JOSEPH WOOD FOUND DEAD.

Patrolman on Ogden Canyon Pipe-Line Dies in Mysterious Way.

Special to The Tribune.

OGDEN, June 5.—Joseph Wood, about 60 years of age, residing at 2847 Monroe avenue, who has been the patrolman at the big pipe line in Ogden canyon, was found at the foot of the hill dead at 10 o clock tonight. His non-appearance alarmed his wife, and she telephoned to Robert Shipley, the foreman of the water works, who went up the canyon and found the body on the north side of the river, 200 feet below the pipe line.

Appearance of node. Special to The Tribune.

Appearance of body.

From the appearance of the body there were no signs that he had fallen from the precipitous height. He had apparently come down the trail, and, while his face was swollen, no evidence of bruises was found on his body. His umbrella, which he had been carrying to protect himself from the rain, was open and spread out when his body was found.

Sheriff Sebring Notified.

Sheriff Sebring, who was up the canyon, was at once notified, and came down and received the body, which had been moved to the sanitarium at the mouth of the canyon.

An inquest may not be found necessary, as it appears that Mr. Wood came to his death from natural causes.

NO STRIKE CONTEMPLATED.

Ogden Street Car Men Have No Intention of Stepping Out.

Special to The Tribune.

OGDEN, June 5.—Stories of a prospective strike by the conductors and motormen employed on the cars of the Ogden Rapid Transit company prove to be unfounded, according to the management. The management on the 1st of June voluntarily increased the wages of the men formerly worked for 17½ cents per hour, and were then increased to 20 cents. Now they are raised to 20½ cents. Now they are raised to 20½ cents a committee of the street car men and one of the officials of the company, in which the street car men urged seniority. This the officials refused to consider, stating that the older men were not always the best but assured the committee that rights component with good service would always be recognized. OF ORGANIZATION

They Propose to Establish Fund for Themselves and Families.

MATTER TALKED OVER, BUT NO CONCLUSION REACHED

Outlook for Men Getting Together on Proposition Is Bright.

Plans are now in the making among nembers of the local police force to effect an organization among the men for the purpose of establishing a fund for de-ceased and disabled members and for their families, and also for the establishment of a gymnasium, a library and

Matters Come to Head.

Matters Come to Head.

These plans have been discussed privately among the men for months, but matters came to a head Tuesday night, when the proposed baseball game between members of the local force and those of Ogden was brought up. Previously it has been the custom to distribute the receipts from these games to various charitable organizations, but it was unanimously decided Tuesday night, as one patroiman put it, that "Charitry begins at home," and that all money collected in the future shall be turned over to a fund to be maintained for the benefit of members and their familles.

Will Go to Council.

Will Go to Council.

Arguments were many and heated Tuesday on the subject of establishing a gymnasium and library for the force. It was suggested, and the suggestion will in all probability be carried out in the near future, to go before the city Council and propose to its members that the police force is willing to furnish and equip a gymnasium and library, providing the city will rent or maintain suitable quarters for those purposes. It is quite likely that the receipts of the coming game with Ogden will be set aside as a nucleus for the proposed fund, and that a deputation will be appointed to appear before the City Council and state the desires of themen.

What Other Cities Do.

What Other Cities Do.

What Other Cities Do.

Other cities, half the size of Salt Lake, it was argued Tuesday night, provide these comforts for their policemen, and it was stated that in many towns, some of them smaller than Salt Lake City, physical directors were appointed by the authorities to keep the men in proper training and condition. It was pointed out that local firemen have provided themselves with many comforts, and that the city has given them suitable quarters in which to enjoy them.

Police Feel Slighted.

The police feel they have been slighted in this respect, and expressed themselves Tuesday night in no gentle terms. The fact that the force is not a metropolitan police force, and that members are subject to dismissal at any time, was given as arguments against involving patrolmen and their superior officers in debt or obliging them to set aside at stated periods certain sums for the maintenance of benefit and other funds.

Feelings of the Men

Feelings of the Men.

No formal steps were taken to perfect organization, but the leaders in the movement intimated Tuesday night that the next few days would see such measures brought about. As one man expressed himself Tuesday night, "There is no singleness of purpose among us—it's everybody for himself. Let's get to everybody for himself. Let's get together, help one another, and see that we get for ourselves—if the city won't give them to us—those comforts and privilege which the police forces of other cities and the fire department of this city, enjoy.

Fund Is Favored.

"We should make it our duty to establish a fund for the families of deceased and disabled members of this force. We should provide for them by setting aside each month a certain small sum, which shall make a fund which later will go to support widows and orphans.

"A man can do his duty better and with a brayer heart when he knows his wife, little ones and all that he holds near and dear will be provided for by his comrades in case of his death or disability. It makes a man want to do his duty well and to do it at all times. id to do it at all times. "Don't let this agitation die-keep it up, and it will resolve itself into that which
